INDEX TO VOLUME 4

The star (*) preceding the page number indicates an original article in The Archives. No author entries are made except for original articles. Book Reviews and Society Transactions are indexed under these headings in their alphabetical order under the letters B and S, respectively.

PAGE

Abscess, mediastinal, Ludwig's angina and, following tonsillectomy 274
peritonsillar, new method of anesthesia for opening 452
retropharyngeal, discharging through the right ear 96
retropharyngeal, with erosion of normally placed internal carotid..... 361
Acoustic Nerve, tumor, erosion of petrous bone by; demonstration by roentgen ray *515
Adenoidectomy, postadenoidal speech.....*296
Adenoidism and abnormalities in conformation of nasal septum and upper jaw.. 89
Alcohol irrigation with tympanic cannula in cholesteatoma 549
Alden, A. M.: New procedure in treatment of chronic maxillary sinus suppuration in children *521
Allergy, advancement in our knowledge of, as related to otolaryngology during past 2 years *430
American Otological Society, presidential address 459
Anesthesia, nerve block, tonsillectomy by...*421
new method of, for opening peritonsillar abscess 452
synergistic analgesia and..... 563
Aneurysm of aorta..... 94
aortic, serial frozen sections of thorax in sternum-eroding aneurysm of arch of aorta 94
Angina agranulocytotica 256
Ludwig's, following tonsillectomy..... 274
Antrum of Highmore: See Maxillary Sinus
Aphonia.....*46, 96, *122
Asthma, advancement in our knowledge of allergy as related to otolaryngology during past 2 years.....*430
method of treating, by radiation..... 353
Audio-controller *160
Audiometer, comparison of results made with 2 types of..... *51
survey of school children by audiometric methods 272
Aviation, stable nervous control in relation to flying efficiency..... 354

PAGE

Bacteremia associated with acute hemolytic streptococcic throat infections..... *97
Ball, F. E.: Acute suppurative mediastinitis *512
Ballenger, H. C.: Bacteremia associated with acute hemolytic streptococcic throat infections *97
Bath, new head sweat bath..... 549
Biopsy in suspicious growths of larynx.... 266
Blindness, injury of optic nerve..... 355
Blood, picture, in otogenous disease, significance of? 90
pressure alterations, influence of, on experimental vestibular nystagmus..... 447

Book Reviews:
Cavernous Sinus Thrombophlebitis and Allied Septic and Traumatic Lesions of Basal Venous Sinuses. Clinical Study of Blood Stream Infection; W. P. Eagleton 376
Konstitutionspathologie in der Ohrenheilkunde; J. Bauer and C. Stein.....568
Local Anesthesia in Otolaryngology and Rhinology; with Supplement on Toxic Effects of Local Anesthetics, Containing Complete Reports of Various Committees of the American Medical Association Made to the Therapeutic Research Committee of Council on Pharmacy and Chemistry; J. J. King 478
Notions élémentaires d'oto-rhino-laryngologie à l'usage des practiciens; G. Liébault 374
Physiotherapy in Diseases of the Eye, Ear, Nose and Throat with Chapters on Some Borderline Affections; A. R. Hollender and M. H. Cottle..... 477
Politzer's Textbook on Diseases of the Ear; M. J. Bellin..... 478
Bougies, local treatment of eustachian tube; present status of bougie.....*196
Brain, abscess, connection of, with bronchiectasis 455
abscess, intradural complications of aural and nasal origin; survey of recent literature *163
abscess, is otogenous sinus thrombosis more frequently located on right than on left side?..... 550
abscess, osteitis mandibulae with..... 457
abscess, otogenous 260
abscess, temporal lobe abscess..... 357
intradural complications of aural and nasal origin, survey of recent literature; rôle of ear and nose in intra cranial lesions in general..... *69

PAGE

Brandon, W. R.: Contractured ulnar paralysis; relieved by treatment of nasal (sphenopalatine) ganglion.....*493
Breitstein, M. L.: Zygomatic mastoiditis without clinical otitis media.....*300
Bronchiectasis, brain abscess with..... 455
Bronchoscopy, chronic nonspecific infections of lungs 548
demonstration of lower air passages by intratracheal injections of lipiodol..... 264
extensive lung abscess involving entire right inferior lobe; case treated successfully with suction through bronchoscope *334
Bronchus, roentgen study, preliminary report on radiographic exploration of broncho-pulmonary system by means of lipiodol 354

Cancer, carcinosarcoma, its diagnosis and nomenclature, and apparently healed carcinoma of upper jaw..... 263
malignant tumors of antrum of Highmore; end-results of treatments.....*201
Cannula, new speech cannula for tracheotomy 549
Carotid Artery, experimental carotid injection of procaine hydrochloride..... 456
retropharyngeal abscess with erosion of normally placed internal carotid..... 361
Cartilage vessel systems and otosclerotic areas 254
Cavernous Sinuses, phlebitis of.....181, 258
thrombosis, complicating acute mastoiditis 265
thrombosis, otological studies of..... 465
Cerebellum, abscess, diagnosed and healed by puncture of cerebellum and incision of dura 183
abscess, intradural complications of aural and nasal origin; survey of recent literature *163
Cervical Ganglion, superior, sympathetic, syndrome 456
Choana, posterior: See under Nose
Cholesteatoma, alcohol douches with tympanic tube in..... 85
alcohol irrigation with tympanic cannula in 549
Chondroma of ethmoid with operation and cure 89
Clerf, L. H.: Nonendoscopic cases of foreign bodies in tonsil.....*489
Cocaine, intoxications, acute, phenobarbital in prophylaxis and treatment of.....*304
Cochlear Duct, reactions induced through ductus endolymphaticus and aqueductus cochleae *137, 273
Conner, H. M.: Hysterical dysphagia *112, 239

PAGE

Cranium, fossa, middle, surgery of..... 343
fractures, otologic complications of basal skull fracture *35
injury, followed by involvement of labyrinth and cochlea..... 363
Cultures from tonsils.....*120, 558

Davies, J. W.: Ephedrine in nasal disturbances *240
Deaf, audio-controller in education of....*160
how deafened are helping otologist..... 267
Deafness, differential diagnosis of, in school children 470
interpretation of speech by tactual and visual impression *228
laymen's efforts for deafened..... 469
nature of hardness of hearing during pregnancy 344
nerve, etiology and treatment of..... 472
pathohistologic changes of hearing organ in typhus 345
pathological changes in mesenchyme of middle ear of fetuses, or mesenchyme of human cavum..... 467
progressive, otosclerosis in etiology of *127, 469
treatment, local, of eustachian tube; with special reference to present status of bougie *196
treatment of lateral pharyngeal bands for, by roentgen-ray; 100 cases..... 460
tubal, caused by sarcoma, recovery from 349
Diphtheria following tonsillectomy..... 255
wound, in aural surgery..... 538
Diplococcus mucosus, bacteriologic variations in ear conditions due to..... 449
Dixon, O. J.: Typhoid fever simulating sigmoid sinus thrombosis.....*298
Duel, A. B.: Local treatment of eustachian tube; with special reference to present status of bougie.....*196
Duke, W. W.: Advancement in our knowledge of allergy as related to otolaryngology during past 2 years.....*430
Dysphagia, hysterical ...*112, (correction) 239

Eagleton, W. P.: Intradural complications of aural and nasal origin; survey of recent literature *69 *163
Ear, bacteriologic variations in ear conditions due to Diplococcus mucosus..... 449
comparative anatomy and physiology of auditory tube in its relation to that of middle ear 462
diphtheria of wound in aural surgery... 538
diseases, significance of blood picture in 90
furunculosis of auditory canal..... 270
internal: See Labyrinth
intradural complications of aural and nasal origin, survey of recent literature; rôle of ear and nose in intracranial lesions in general..... *69

Ear—Continued PAGE

middle, clinic and treatment of tuberculosis of 176
otological complications of basal skull fracture *35
pathohistologic changes of hearing organ in typhus 345
pathological changes in mesenchyme of middle ear of fetuses, or mesenchyme of human cavum..... 467
physiology 254

Electrolysis, zinc wires and needles for ionization and 455

Embryologic study of formation of accessory nasal sinuses..... 563

Empyema and term "mastoiditis," warning concerning 541
complicated, of frontal sinus..... 454

Endocrine Glands, is there an endocrine factor in otosclerosis?..... 544

Endolymphatic Duct, reactions induced through aqueductus cochleae and *137, 273

Endolymphatic Sac, and its relation to labyrinthine muscle tonus..... 365

Ephedrine in nasal disturbances.....*240

Epiglottis, removal of..... 346

Epinephrine probe test of Muck..... 351

Esophagoscopy (remark on article of Stewnberg) 90
easier method of introducing esophagoscope *307

Esophagus, diverticula of..... 353
series of case reports..... 560

Ethmoid Sinus, chondroma of, with operation and cure..... 89

Ethmoiditis, polypoid, radium in, report of cases *215, 551

Eustachian Tube, local treatment of, with special reference to present status of bougie *196
pathology and surgery of; with special reference to value of closing it.....*189
roentgen-ray treatment of..... 86

Eye, complications of nasal obstruction... 359

Fads and fancies in practice of otolaryngology 561

Fistula, retro-auricular, closure of..... 94

Fletcher, H.: Comparison of results made with 2 types of audiometer..... *51

Foreign Body accidents during tonsillectomy 188
aspiration of tooth prosthesis into larynx 86
in accessory nasal sinuses..... 361
multiple, in resipratory and digestive tract 263
needle in cervical region tolerated for 5 months *520
nonendoscopic cases of, in tonsil.....*489

Freedman, A. O.: Mixed salivary tumor in tonsillar region *14

PAGE

Frontal Sinus, roentgen diagnosis of..... 352
treatment of chronic suppuration of.... 259

Frontal Sinusitis, complicated empyema of frontal sinus..... 454
retrobulbar neuritis due to..... 88
three unusual consecutive cases of..... 553

Furunculosis of auditory canal..... 270

Galvanocautery in tuberculosis of larynx 453

Ganglion: See Cervical Ganglion; Sphenopalatine Ganglion

Gastroscopy (remark on article of W. Stewnberg) 90

Gault, R. H.: Interpretation of speech by tactual and visual impression....*228, 462

Glassburg, J. A.: Postadenoidal speech...*296

Goodyear, H. M.: Iodized oil in diagnosis of nasal sinus conditions.....*223

Gowen, F. V.: Tonsillectomy by nerve block anesthesia *421

Guttman, M. R.: Phenobarbital in prophylaxis and treatment of acute cocaine intoxications; preliminary report of its clinical trial *304

Halsted, T. H.: Pathology and surgery of eustachian tube; with special reference to value of closing it.....*189

Hastings, H.: Bilateral jugular resection for bilateral sigmoid sinus thrombosis (otitic) *58

Hay Fever, advancement in our knowledge of allergy as related to otolaryngology during past 2 years.....*430

Headache, papillitis, and mental depression from osteoma of septum..... 87
superior cervical sympathetic ganglion syndrome 456

Hearing: See also Deafness
interpretation of speech by tactual and visual impression *228
new principle for aiding..... 85
perception, relation of tactile sense impression and 269
reactions induced through ductus endolymphaticus and aqueductus cochleae *137, 273
tests, comparison of results made with 2 types of audiometer..... *51
tests, functional 272
tests, results of survey of school children by audiometric methods..... 272

Heatly, C. A.: Medicolegal importance of microscopic investigation of temporal bone *28

Hemostat, artery hemostat.....*338

Herpes zoster oticus and allied conditions with notes of 3 cases..... 449

Holderman, J. W.: Occurrence of otosclerosis in etiology of progressive deafness *127, 469

PAGE

Hubby, L. M.: Reactions induced through ductus endolymphaticus and aqueductus cochleae *137

Imperatori, C. J.: Carcinoma of larynx and laryngopharynx treated with radium *151, 566
Infections, focal; dental standpoint..... 277
focal; internist's point of view..... 275
focal; nose, throat and ear standpoint.. 276
focal; ophthalmological standpoint..... 277
Injections, intratracheal, of lipiodol, demonstration of lower air passages by.. 264
Instruments: See also Audio-controller; Audiometer; Hemostat; Speculum; Syringe; etc.
new procedure in treatment of chronic maxillary sinus suppuration in children *521
Ionization, in tympanic sepsis..... 447
result of ionic medication in chronic middle ear suppuration..... 446
treatment of chronic discharging ears and allied conditions by..... 448
Iridocyclitis and focal infection..... 277

Jaw, carcinosarcoma, its diagnosis and nomenclature, and apparently healed carcinoma of upper jaw..... 263
osteitis, with brain complications..... 457
peridacryocystitis and periosteomyelitis of superior maxilla following maxillary sinus operations 562
upper adenoidism and abnormalities in conformation of nasal septum and.... 89
Jugular Vein, bilateral resection, for bilateral sigmoid sinus thrombosis (otitic) *58

Kopetzky, S. J.: Acute and chronic otitis media and sinus thrombosis.....*241

Labyrinth, cooperation or intereference of reflexes from other sense organs with those evoked from.....279, 464
cranial injury followed by involvement of cochlea and..... 363
frog, ablation experiments on.....279, *281
indications for labyrinthectomy..... 450
nystagmus and strabismus in case of syphilis of vestibular apparatus..... 450
partial resection by Voss method..... 540
pelvic reflexes of eyes in man and their significance for weak turning test of vestibular apparatus 178
reactions induced through ductus endolymphaticus and aqueductus cochleae *137, 273
saccus endolymphaticus and its relation to labyrinthine muscle tonus..... 365
vestibular disturbance 545
Laryngitis (nondiphtheritic), membranous tracheobronchitis and 268

PAGE

Larynx, aspiration of tooth prosthesis into 86
biopsy in suspicious growths of..... 266
carcinoma of, treated with radium; analysis of 30 cases.....*151, 566
disorders of..... 346
excision, case of..... 357
stenosis; its relations to tracheotomy.... 556
tuberculosis, diagnosis and treatment of 269
tuberculosis, removal of epiglottis..... 346
tuberculosis, treatment by surgical intervention in superior and inferior laryngeal (recurrent) nerve; report based on 79 cases.....*479
tuberculosis, treatment with galvanocautery; indication; results; technic.. 453
Lateral Sinus, thrombosis of, complicating acute mastoiditis 265
Leukemia, myeloblast, necrosis of palate as primary symptom of; findings in throat in aleukemic lymphadenosis... 345
Lipiodol Oil: See under Bronchoscopy; Bronchus, roentgen study; Injections, intratracheal; Lungs, roentgen study; Respiratory Tract; Sinuses, nasal
Lischkoff, M. A.: New procedure for closure of nonspecific perforations of nasal septum *342
Lung, abscess, involving entire right inferior lobe; treated successfully with suction through bronchoscope.....*334
chronic nonspecific infections of; bronchoscopic and esophageal phases..... 548
roentgen study, radiographic exploration of broncho-pulmonary system by means of lipiodol 354
Lupus of nose and upper air passages treated by radium..... 350
of face, treatment of..... 457
Lymphadenosis, aleukemic, necrosis of palate as primary symptom of myeloblast leukemia and findings in throat in case of..... 345

MacCready, P. B.: Bilateral paralysis of adductors of vocal cords of organic origin; Landry's paralysis.....*122
McCullagh, S.: Radium in polypoid ethmoiditis *215, 551
McMahon, B. J.: Pathology of sphenoethmoidal sinusitis *310
Mandelbaum, M. J.: Easier method of introducing esophagoscope *307
Mastoid, roentgen-ray picture of, its clinical interpretation 85
surgery, indications for opening mastoid process in acute middle ear suppuration 343
surgery, pathology and surgery of eustachian tube; with special reference to value of closing it.....*189

PAGE

Mastoiditis, acute, streptococcic infection in 93
acute, thrombosis of lateral and cavernous sinuses complicating..... 265
empyema; warning concerning the term "mastoiditis" 541
primary osteomyelitis of mastoid bone (traumatic); review of literature..... 364
zygomatic, without clinical otitis media*300

Maxillary Sinus, chronic suppuration, new procedure in treatment of, in children*521
malignant tumors of antrum of Highmore; end-results of treatments...*201, 552
surgery, peridacryocystitis and periosteomyelitis of superior maxilla following 562

Mediastinitis, acute suppurative.....*512

Medicolegal importance of microscopic investigation of temporal bone..... *28

Meningitis, intradural complications of aural and nasal origin; survey of recent literature *163

Mercurochrome-220 soluble, intravenous use of, in septicemias..... 271

Mesenchyme, pathological changes in, of middle ear of fetuses, or mesenchyme of human cavum..... 467

Miller, J. W.: Extensive lung abscess involving entire right inferior lobe; case treated successfully with suction through bronchoscope *334

Moersch, H. J.: Hysterical dysphagia....*112
(correction) 239

Myerson, M. C.: Tonsillectomy with tonsillectome *425

Myringitis bullosa, etiology of.....182, 260

Nasopharynx, atresia of..... 559

Needle in cervical region tolerated for 5 months *520

Needle Holder, tonsil, new.....*338

Neuralgia, glossopharyngeal 455

Neuritis, optic, in relation to sinusitis.... 179
retrobulbar, due to frontal sinusitis..... 88

New, G. B.: Malignant tumors of antrum of Highmore; end-results of treatments *201, 552

Nose, choanal polyp.....181, 259
etiology of, atresia of posterior choana.. 180
obstruction, unusual eye and systemic complications of 359
polyp, radium in polypoid ethmoiditis; report of cases *215, 551

Nystagmus and strabismus in case of syphilis of vestibular apparatus..... 450
experimental, influence of blood pressure alterations on..... 447
miners' 354
pelvic reflexes of eyes in; significance for weak turning test of vestibular apparatus 178

PAGE

Ophthalmia, sympathetic, cured after exenteration of nasal accessory sinuses... 347

Optic Nerve, external operation on ethmosphenoidfrontal group of sinuses under local anesthesia; technic for removal of part of optic foramen wall for relief of pressure on optic nerve *377
influence of negative pressure in sphenoid on 555
injury of 355

Osteitis mandibulae with brain complications 457

Osteoma of septum, papillitis, headache and mental depression from..... 87

Osteomyelitis, primary, of mastoid bone (traumatic) 364

Otitis Media, acute and chronic, and sinus thrombosis *241
acute, associated with bacteremia.....*107
acute suppurative, management of, in home 186
indications for opening mastoid process in 343
prognosis of, in children; review of 500 cases 446
roentgen-ray treatment of tuba auditiva 86
surgery of middle cranial fossa..... 343
zinc ionization in.....446, 447, 448
zygomatic mastoiditis without.....*300

Otolith Apparatus, disease symptoms in region of 82
pathology of 538

Otosclerosis 280
cartilage vessel systems and otosclerotic areas 254
in etiology of progressive deafness *127, 469
is there an endocrine factor in?..... 544

Ozena, new surgical procedure in treatment of atrophic rhinitis, with and without accompanying ozena..... 458
treatment of 351

Palate, necrosis of, primary symptom of myeloblast leukemia and findings in throat in case of aleukemic lymphadenosis 345

Papillitis, headache and mental depression from osteoma of septum..... 87

Paralysis, Landry's, bilateral paralysis of adductors of vocal cords of organic origin *122
ulnar, contractured; relieved by treatment of nasal (sphenopalatine) ganglion *493

Petrous Bone: See Temporal Bone

Pharynx, carcinoma of laryngopharynx, treated with radium; analysis of 30 cases *151, 566
hemolytic streptococci in, of infants and children 255

Pharynx—Continued PAGE
treatment of lateral pharyngeal bands for deafness by roentgen ray; report of 100 cases 460
Phenobarbital in prophylaxis and treatment of acute cocaine intoxications.....*304
Phlebitis of sinus cavernosus.....181, 258
Plastic surgery.....*427
Pratt, F. J.: Results of tonsil operations; questionnaire report *142
Pregnancy, nature of hardness of hearing during 344
Procaine hydrochloride, experimental carotid injection of..... 456
Proetz, A. W.: Displacement irrigation of nasal sinuses; new procedure in diagnosis and conservative treatment..... *1
Special syringe for displacement irrigation of nasal sinuses.....*424
Recurrent Nerve, physiology..... 86
tuberculosis of larynx; treatment by surgical intervention in superior and inferior laryngeal (recurrent) nerve....*479
Reflexes, cooperation or interference of, from other sense organs with those evoked from labyrinths 279, 464
pelvic, of eyes; significance for weak turning test of vestibular apparatus... 178
Respiratory Tract, demonstration of lower air passages by intratracheal injections of lipiodol..... 264
diseases, ephedrine in nasal disturbances.*240
disease, membranous tracheobronchitis and laryngitis (nondiphtheritic) 268
disease, relation of paranasal sinus infection to 546
Rheumatic Fever, treatment..... 353
Rhinitis: See also Ozena
atrophic, new surgical procedure in treatment of, with and without accompanying ozena 458
chronic nasal discharge in infants..349, 350
Richards, G. L.: Improved aural speculum.*525
Richardson, C. W.: Cultures from tonsils *120, 558
Robinson, G. A.: Radium in polypoid ethmoiditis *215, 551
Roentgen Ray, picture of mastoid and its interpretation 85
treatment of lateral pharyngeal bands for deafness by; 100 cases..... 460
Roentgenography, unusual sinus roentgenogram obtained by oral rhinoscopy.... 363
Roy, J. N.: Needle in cervical region tolerated for 5 months.....*520

Sarcoma, carcinosarcoma, diagnosis and nomenclature, and apparently healed carcinoma of upper jaw..... 263
malignant tumors of antrum of Highmore; end-results of treatments.....*201
recovery from tubal deafness caused by.. 349
PAGE
Schugt, H. P.: Tuberculosis of larynx; treatment by surgical intervention in superior and inferior laryngeal (recurrent) nerve *479
Seasickness 182
Septicemia, intravenous use of mercurochrome-220 soluble in..... 271
Septum, adenoidism and abnormalities in conformation of upper jaw and..... 89
fate of reimplanted cartilage of..... 89
new procedure for closure of nonspecific perforations of *342
osteoma of, papillitis, headache and mental depression from..... 87
